SUBJECT: DEMARCHE ON HEAVY-CALIBER AMMUNITION FOR LEBANESE
ARMED FORCES

REF: STATE 93173

Classified By: Political Counselor James F. Cole for reasons 1.4 (b) and (d).

¶1. (SBU) Poloff delivered reftel demarche to Adrian Lochrin, Director for Defence Policy and Liaison, Department of Foreign Affairs and Trade (DFAT) on July 5, emphasizing the urgency of the issue for the Lebanese Armed Forces and the need for a rapid response.

¶2. (SBU) Lochrin advised the GOA would respond after review at senior policy levels.

¶3. (C) Comment: Embassy defense personnel have learned informally from their defense contacts that the Australian Department of Defense has a quantity of large-caliber ammunition available for transfer, particularly 105 mm rounds. Political or other obstacles may complicate the question of direct shipment of munitions to Lebanon, however, should the GOA take a policy decision to make the surplus stock available to the Lebanese Armed Forces.
